

CANBERRA Contamination Monitor Contract Support

PARTNERSHIP DELIVERS VALUE!

Contamination monitoring is a vital function for safety and productivity. Partnering with CANBERRA will augment RP efforts to ensure maximum UPTIME and value. CANBERRA is now offering three levels of contamination monitor support designed to enhance your existing capabilities. Choose the one that best complements your RP support organization.

- > Maximize UPTIME, Performance, and Reliability
- > Easy access to Parts and Detector Exchanges
- > Expert Consultation and Validation of Critical Parameters
- > Flexible Plans Offering Value through Economies of Scale
